

MILITARY SHOWS LARGER INTEREST

Inspection Discloses Problem of
Caring for Increased
Property.

GOOD INCREASE IN VALUES

Northampton Shows Gain—Au-
toist Fined and Gets Gov-
ernor's Permit.

Increased interest in encampments and manoeuvres, in caring for the property now furnished with such liberality by the War Department, and in military affairs generally, has been noted by Lieutenant-General Jo Lane Stern, the inspecting officer of the Virginia militia, in his annual round of inspection which he is now concluding. These he regards as hopeful signs.

The problem of properly preserving the military property has become a large one. Under the provisions of the Dick bill this supply has grown to a great extent, the aim being to equip the national guard with material equal to that of the regular army. Large appropriations are annually available, to be used in supplies and uniforms, adding greatly to the position of taking proper care of the material furnished. Where formerly a small locker would contain the soldier's one suit and small articles, now a good-sized space, several feet each way, is necessary. He must have room for three suits, for the shoes bought under the new ruling of the State Military Board, for the haversack, caps and the other munitions of war.

Kept in Armory.
Under the regulations, this property must be kept in the armory, which has been impossible in some cases because of lack of space. It is a truism that property kept at the soldier's home is rarely properly cared for, and that frequently it is missing when the soldier's term of enlistment expires or he leaves the community.

At Emporia arrangements are being made for proper army accommodations, while at Suffolk this matter has received recent attention. Care of the property varies greatly. In one instance Colonel Stern found that plates and other tableware were separately wrapped, insuring good condition. In other places there is much carelessness in this regard.

The inspecting officer finds that there is much interest over joint manoeuvres, stimulated by the recent Gettysburg encampment.

Aside from these matters, Colonel Stern found no unusual condition in his rounds. General condition and spirit among the troops was about on a par with other recent years.

FAIR INCREASE

Real Estate Values in Northampton
Show Gain of 22.3 Per Cent.

An increase of 22.3 per cent. is shown in the realty values of Northampton county, as indicated in the assessment books received by the Auditor of Public Accounts. This is regarded as quite a satisfactory increase, inasmuch as the total valuation of lands in the county is not large.

For 1911 the assessment is \$2,502,538, while for 1909 it was \$2,037,600. The increase is \$464,938.

Discussing the matter, a local paper says that formerly the lands owned by colored people were regarded as of little value by reason of that fact, while now, when that race has land holding sections of its own, their property has attained an established value. The negroes of Northampton own real estate now valued at \$296,090. In the town of Cape Charles the white prop-

A Wreck in 1892; Well and Strong Now owing to the curative value of Warner's Safe Cure

So writes Mr. J. B. Adams, 31 N. 57th Street Philadelphia, Pa.: In the early part of 1892 I was a wreck, and I found I was running into Bright's Disease. I began to take Warner's Safe Cure. I had a terrible hard fight and was not able to work much of the time for three years. I must have taken over one hundred and fifty bottles by the time I could work at all steadily, but your remedy saved my life—I am positive of that. Since then, when I take cold or feel badly, I use Warner's Safe Cure with excellent results.

Warner's Safe Cure has been before the public for many years and has to its credit the cure of thousands of cases of Bright's Disease. An army of men and women, of all ages, are to-day living who would be in their graves had they not taken Warner's Safe Cure.

When the kidneys are disorganized, and their structure, including the little delicate tubules, are breaking down; when the face is puffed with a pale, marblelike appearance and the whole body is dropsical, Warner's Safe Cure will remedy the trouble and bring health where death would be inevitable. Warner's Safe Cure is put up in 50-cent and \$1.00 sizes and sold by druggists everywhere.

Warner's Safe Pills, for constipation and biliousness, purely vegetable, absolutely free from any injurious substances, are a perfect laxative. They do not gripe or leave any bad after effects. 25 cents a package.

To convince every sufferer from disease of the kidneys and liver that WARNER'S SAFE CURE will absolutely cure, a sample bottle and also a sample box of Warner's Safe Pills will be sent FREE OF CHARGE, postpaid, to anyone who will write WARNER'S SAFE CURE CO., Rochester, N. Y., and mention having seen this liberal offer in The Times-Dispatch. The genuineness of this offer is fully guaranteed by the publisher.

erty is valued at \$395,570, while that of the colored people is assessed at \$15,040.

AUTOIST GETS PERMIT

Marylander Fined in Virginia for
Running Without License.

With a countenance full of woe, D. W. Williamson, of Baltimore, yesterday morning appeared at the office of the Governor. It appears that he had motored into Fairfax county from Maryland, where he is licensed, and was arrested for running over the Virginia roads without the requisite number and license. He parted with \$12 of his good money.

Mr. Williamson protested that he had a right to a few days in the State, and was told that he could get his money back when he produced the authority. He asked the county authorities, for the love of Mike, to be reasonable, but they stuck to it.

The Governor, acting under the provisions of the new automobile law, granted the same privileges which are granted to Mr. Williamson the same privileges which are granted to Virginia autoists in Maryland—the right to use the roads for two periods of seven consecutive days each in one year.

More Delegates Named.

The Governor yesterday commissioned the following persons as additional delegates to the Southern Commercial Congress, which meets in Atlanta on October 7:

H. M. Darnall, Roanoke; L. T. D. Quinby, Onancock; Charles E. Butcher, Wallops; Ford, H. H. Byrd, Warm Springs; W. L. Dennis, Grundy; A. L. Pitts, Arvonia; J. E. Hubbard, Wilcox; Wharf; S. A. Mann, Matoaca; H. F. Byrd, Winchester; Henry Keel, Clintwood; D. W. Mason, Rippland; W. S. Hale, Elk Creek; T. G. Burch, Martinsville; G. Ernest Leith, Hamilton; T. J. Preston, Salem; G. A. Brown, Brownsburg; John T. Harris, Harrisonburg; P. D. Camp, Franklin; A. R. Morris, Station; John W. Morgan, Riverton; Howard C. Miller, Norton;

W. O. Moore, Wytheville; H. G. Peters, Bristol; C. G. Craddock, Lynchburg.

Prisoner Released.

Russell Blackwell, colored, who is serving a term in the Danville jail for larceny, was yesterday released on the order of Governor Mann. The man is ill with typhoid fever, and the action was taken at the request of the city physician.

Governor to Speak.

The Governor will address a gathering of Confederate veterans at Fredericksburg next Thursday. Tomorrow morning he will deliver the address of welcome on behalf of the State to the National Association of Postmasters of the First Class.

NEW ASSESSMENT OF LANDS.

Increase in Spotsylvania for 1910 Over
1909 Amounts to \$22,441.53.

[Special to The Times-Dispatch.]
Spotsylvania, Va., September 24.—Excepting the mineral lands, A. C. Beasley, A. D. Smith, C. H. Cropp and H. E. Chambliss, assessors and assistant assessors of lands in Berkeley and St. George Districts, of the county, have filed in the clerk's office here. The report shows the reassessment to be for 1910, \$1,380,323.18, as against \$1,357,881.65, the assessment of 1909, this being an increased assessment of \$22,441.53.

Under an act of the last Legislature, the mineral lands are required to be assessed separately, and much confusion has been caused by this, as the assessors had nearly finished their work of this kind before they received notice of this law. This necessitated the making out of a new set of books, containing the assessment of the mineral lands only.

Road Will Be Extended.

[Special to The Times-Dispatch.]
Cape Charles, Va., September 24.—A large portion of the lower end of Northampton county, formerly reached only by wagon routes, will now be accessible through the construction of a branch line from the New York, Philadelphia and Norfolk Railroad, branching off at Bay View, and extending down to Townsend. The contractors, C. A. Sims & Co., of Philadelphia, have already completed a large stretch.

Protestant Side of Double Chapel at National Soldiers' Home Will Be Dedicated To-Day

REV. J. M. NEIFERT,
Chaplain at the Hampton National
Soldiers' Home.

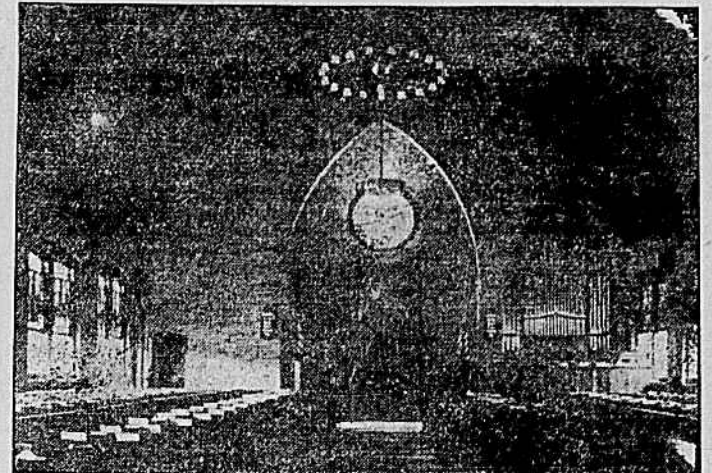

[Special to The Times-Dispatch.]
Hampton, Va., September 24.—With the Right Rev. A. M. Randolph, D. D., Bishop of the Southern Diocese of Virginia, presiding, and clergymen from all sections of the peninsula in attendance, the handsome Protestant side of the Colonel Franklin Murphy Chapel at the National Soldiers' Home will be dedicated to the cause of God Sunday morning. The dedication is expected to bring a number of the members of the board of managers to the home, chief among which will be former Governor Franklin Murphy, of New Jersey, who is the local manager of the Southern Branch of National Soldiers' Home for disabled veterans.

Probably no more unique place of worship exists anywhere in this country to-day than the handsome double chapel, which has just been finished at this home. The chapel is made so that the Protestants and Catholics can hold services at the same hour, the Catholics occupying one church and the Protestants the other, although the main entrance to the edifice is the same. As one enters the entrance he finds a large reception hallway, while to the left is a door leading to the Protestant side and to the right the Catholic. Both of the chapels are handsomely fitted up.

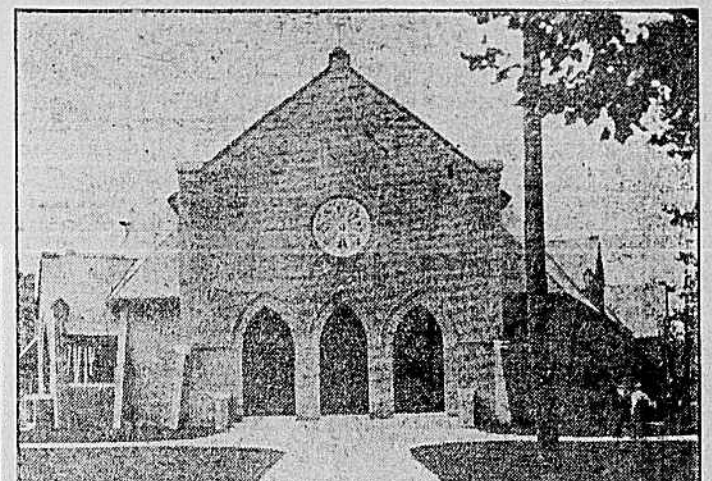

The home population is of necessity a cosmopolitan one, and there are men in the institution of every religious creed known to the religious world. The authorities do not attempt to interfere with the religious teachings. For this reason for several years the matter of a proper chapel for worship has caused the home authorities much concern. Finally Colonel Thomas T. Knox, the present governor, hit upon the idea of erecting a big double-chapel, with the same main entrance, but separate rooms for worshiping, and the new church is the result of that suggestion. It cost the government \$36,000 to build and equip the double chapel.

Last week the first double service was held. While Chaplain J. M. Neifert was conducting the Episcopal service on the Protestant side Rev. Father Wilson, who is the official priest at the home, was holding mass in the Catholic side.

Rev. J. M. Neifert has been the chap-

lain for four years, and he has done a fine work among the veterans. When he came here the weekly attendance at church was small, but now the full seating capacity of the building is needed for the Sunday morning and evening services. Mr. Neifert introduced the feature of getting to the congregation.
